"Shared roots, soaring dreams"

MAHARAJA AGRASEN INSTITUTE OF TECHNOLOGY

VISION

To attain global excellence through education, innovation, research, and work ethics with the commitment to serve humanity.

MISSION

M1. To promote diversification by adopting advancement in science, technology, management, and allied discipline through continuous learning

M2. To foster moral values in students and equip them for developing sustainable solutions to serve both national and global needs in society and industry.

M3. To digitize educational resources and process for enhanced teaching and effective learning.

M4. To cultivate an environment supporting incubation, product development, technology transfer, capacity building and entrepreneurship.

M5. To encourage faculty-student networking with alumni, industry, institutions, and other stakeholders for collective engagement.

DEPARTMENT OF COMPUTER SCIENCE AND TECHNOLOGY

VISION

To be a center of excellence in Computer Science and Technology education, fostering innovation, research, and ethical leadership to develop globally competent professionals who drive sustainable and inclusive growth.

MISSION

To deliver quality, inclusive, and innovation-driven education in Computer Science and Technology that fosters ethical, socially responsible, and globally competent professionals contributing to sustainable development.

From The HOD's Desk...

Dear Students,

It gives me great pleasure to congratulate the graduating batch as you complete an important phase of your academic journey. Over the years, you have grown not only academically but also as individuals, developing independence, discipline, and the ability to face challenges with confidence.

What truly stands out about this batch is your consistency and the maturity you have shown in adapting to new situations—qualities that will guide you far beyond your academic achievements.

As you step into the next phase of life, remember that learning never stops. Stay curious, keep evolving, and uphold the values of integrity and dedication in everything you do. Though you graduate today, your connection with the department remains. I hope you stay in touch and continue to make meaningful contributions.

Wishing you all success and fulfillment in the journey ahead.

Dr. Pooja Gupta
HOD, CST Department

Don't aim to be average — that's the easiest trap. Solve problems that scare you, sit with confusion and push beyond your limits daily. You don't need talent, you need obsession and consistency. While others are waiting for the "right time," you should already be 100 steps ahead.

Consistency over perfection

the Concept behind the Cover Page...

The cover of "**VRITANT"** captures a moment of transition. The purple sky symbolizes the journey from college life to the opportunities and challenges that lie ahead. The wires represent the friendships, connections, and memories we built during these years, while the bird signifies the unique dreams and aspirations each of us carries as we set out on our own paths.

The photograph is an original capture by one of our team members **Piyush Kumar.**
